

A stylized world map in dark blue is centered on a background of a light blue and white grid. The map shows the continents of North America, South America, Europe, Africa, Asia, and Australia.

Report of INTOSAI WGBD

**25th meeting of INTOSAI WGITA,
May 22-23, Seoul, Korea**

Content

- 1 Introduction of INTOSAI WGBD**
- 2 Background of INTOSAI WGBD**
- 3 First working group meeting**

Introduction of INTOSAI WGBD

- Most newly established INTOSAI entity
- Put forth the motion to approve by the Knowledge Sharing Committee (KSC), chaired by SAI India
- A formal platform to share knowledge and experience on a topic of critical importance to many SAIs

Introduction of INTOSAI WGBD

- 19 members and 1 observer
- Chair- SAI China
- Vice Chair-SAI USA

Background of INTOSAI WGBD

- Obtaining access to data, analyzing data, and developing insights from that data will continue to be an essential part of the work that Supreme Audit Institutions do--both now and in the future.
- There are a number of opportunities that big data and enhanced data analytics can bring to the audit community.
- By leveraging evolving technologies, tools, and techniques in the area of data analytics, SAIs can greatly enhance the impact of their audit work.

Background of INTOSAI WGBD

- In a survey of INTOSAI Knowledge sharing Committee (KSC) among INTOSAI members, big data ranked the first among the 60 research projects.
- EUROSAI Seminar on "Open Data" on 26-27 November, 2015.
- The OLACEFS - EUROSAI meeting held in Quito featured a discussion on use of Open Data and SAIs
- US-China Seminar on December, 2015
- China-India Seminar on "Big Data" , 2015

Background of INTOSAI WGBD

- Center for Enhanced Analytics – SAI USA in 2016
- Audit Information Management Office - SAI Brazil in 2017.
- Center for Data Management and Analytics – SAI India in 2016
- Department of Electronic Data auditing – SAI China in 2014

Background of INTOSAI WGBD

- Proposal initiated by Mr. Liu Jiayi, former Auditor General of CNAO and Mr. Gene Dodaro, Comptroller General of SAI United States on behalf of the INTOSAI Supervisory Committee on Emerging Issues.
- Proposal approved during the meeting of INTOSAI Committee on Knowledge Sharing and Knowledge Service at Mexico City, Mexico in September 2016
- Motion approved by the INTOSAI Governing Board and Congress at Abu Dhabi in December 2016

First meeting of INTOSAI WGBD

- 18-19 April, 2017
- CNAO's Audit Academy in Nanjing
- 49 participants from 18 SAIs
- Shared experience in big data analytics in respective SAIs.
- Adopt the Terms of Reference and Working Plan(2017-2019)

First meeting of INTOSAI WGBD

The strategic goals of INTOSAI WGBD:

- Identify the opportunities and challenges that SAIs are facing in a big data world to provide recommendations to SAIs.
- Summarize the know-how, experiences and good practices concerning big data assisted audit, to help SAIs boost relevant skills.
- Develop guidelines and research reports, to share knowledge and support capacity building activities in big data assisted audit.
- Strengthen bilateral, regional and INTOSAI-wide cooperation among SAIs in big data assisted audit.

First meeting of INTOSAI WGBD

- Identify the potential research topics:
 - Basic framework of big data auditing
 - Auditing technologies innovation
 - Auditing management revolution
 - Big data auditing practices
- Next meeting host: SAI US

A world map is centered on the slide, showing the continents of North America, South America, Europe, Africa, Asia, and Australia. The map is rendered in a dark blue color. The background of the entire slide is a light blue grid pattern. The text "Thank You" is written in a large, bold, black font, centered horizontally and positioned in the lower half of the slide.

Thank You
