

Update on IDI programmes For WGITA meeting

22 May 2017
Seoul, Korea

"Supporting SAls in strengthening performance and capacities"

Outline

IDI-WGITA Programme on IT Audit

Revision of WGITA IDI IT Audit Handbook

Development of INTOSAI GUID

IDI-WGITA Global Programme IT Audit

Programme Elements:

- eLearning course delivered on IT auditing
- Pilot audit completed in 2015
- Audit report issued or published in 2016
- Use of IDI-WGITA Handbook

Capacity Development on IT Audit

Results of the Programme

About 100 participants completed the programme

41 SAIs completed pilot IT Audits

Regions: ASOSAI, AFROSAI-E, CAROSAI, EUROSAI, PASAI

Received feedback on IT Audit Handbook

Feedback on programme delivery

IDI Global IT Audit Programme

IT Audit Programme

Results: As of January 2017.

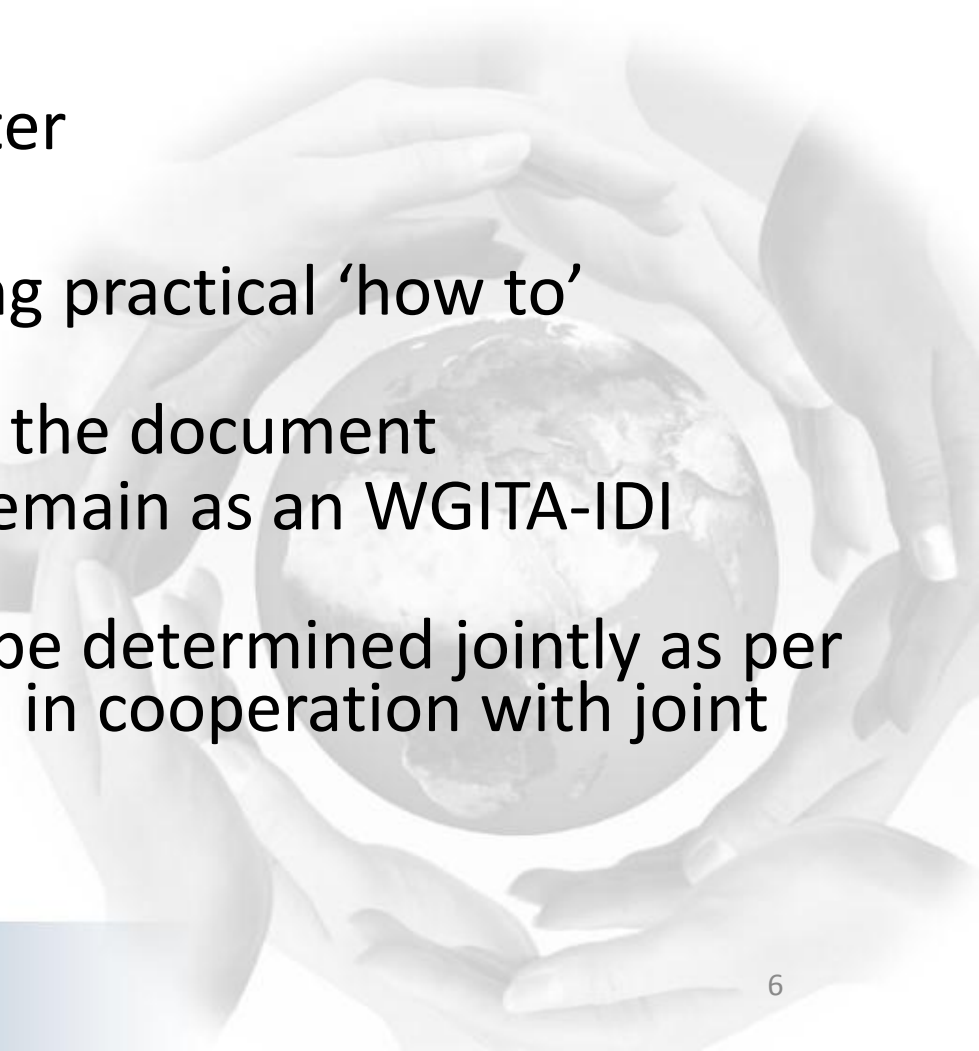

- After all SAI draft audit reports reviewed at review meeting 8 SAIs published audit report
- Most SAIs finalized report
- SAI Nepal and Turkey initiated new IT audit after the programme.

WGITA - IDI IT Audit Handbook

- **Revision of the handbook**
 - IDI participated in the revision
 - Sent comments on the revision
 - Contributed with the Introduction chapter
- **Future position of the handbook**
 - Handbook a detailed document providing practical 'how to' guidance'
 - Need for a flexible solution for updating the document
 - IDI believes that the document should remain as an WGITA-IDI product outside the IFPP framework.
 - Updating and quality requirements can be determined jointly as per the discussion paper currently proposed in cooperation with joint goal chairs.

Thank you.
