

27th Meeting of the INTOSAI Working Group on IT Audit

In 2018 the Australian National Audit Office will
host WGITA in Australia

WGITA Program

- The program will take place across three days, including:
 - WGITA meeting (one and a half days);
 - Social program (half day);
 - Workshop (one day); and
 - Conference dinner (on an evening and location to be confirmed)
- A draft agenda will be circulated at a later date.

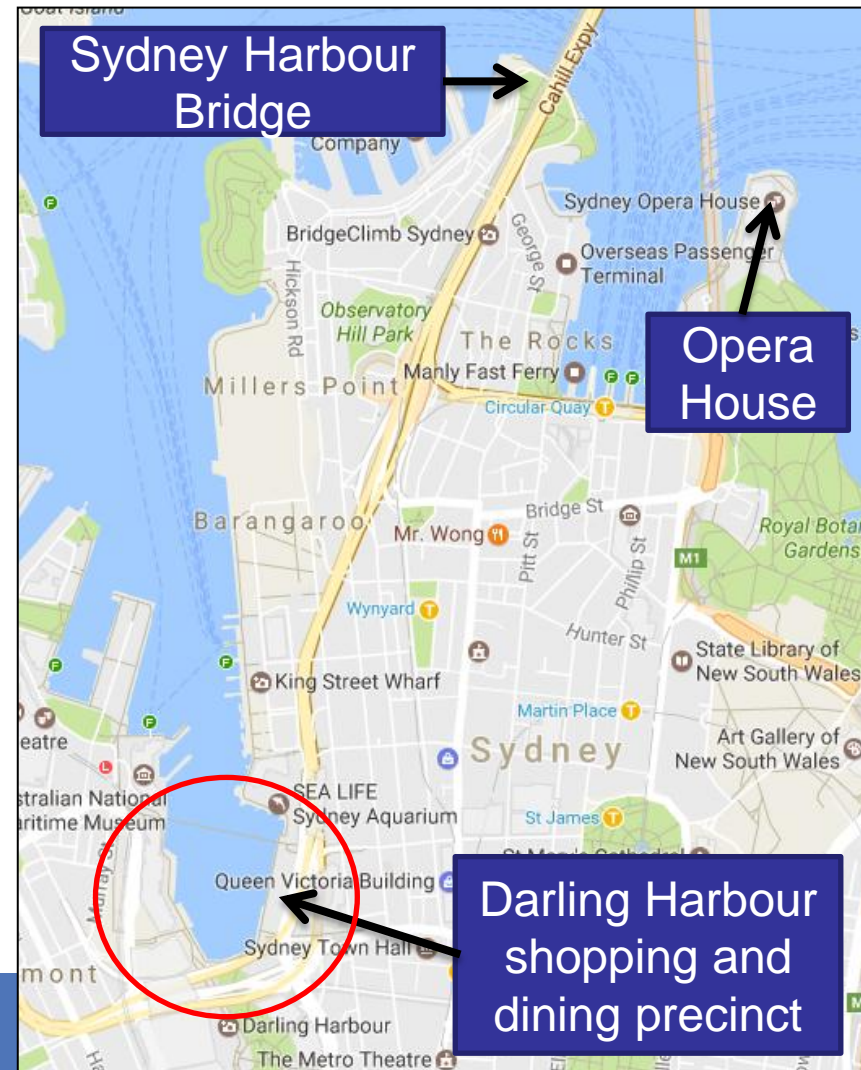

Proposed Dates

- Feedback is welcome on two proposed dates:
 - 10-12 April 2018
 - 17-19 April 2018

The ANAO will need to secure the venue by Friday 26 May 2017 and would appreciate a majority preference for one of the above options to be decided by this date.

Location and Accommodation

- The meeting will be held in Sydney, a major Australia city with a spectacular harbour setting. This will eliminate the need for delegates to take an additional internal domestic flight to Canberra.
- The meeting will be close to the city centre at the Darling Harbour shopping and dining precinct and a short walk from the city.
- An arrangement will be made for discount hotel rates (limited rooms available) at the meeting venue, and there will be many other nearby hotels and serviced apartments to choose from at their regular rates.

Location and Accommodation

The hotel Novotel Sydney on Darling Harbour is ideally situated in a very prime location at the heart of the business and tourism precinct.

Experience the city's vibrant shopping and dining hub at Novotel Sydney, a 10-minute stroll across Pyrmont Bridge from the city centre. Public transport facilitates exploration of the city.

Registration

- A website will be available from later this year for registration.
- Further details will be circulated closer to the meeting date.
